About This Content

The Official Soundtrack for Animallica takes you on an epic journey from the grasses of the African Savannah, Alpine mountains, Egyptian deserts and Asian-themed gardens to the dangers of of the infested city Culsberg and the mutant factory in Pestilentia.

The **Animallica Official Soundtrack** was created in order to support the talented composer that created it, **Matthew Harper**.

All the tracks combined offer 101+ minutes of audition, in mp3 format, 320 kbps, 253 MB total size.

We will constantly update the soundtrack, with every new biome that we add in the game.
